World Dwarf Games 2017

August 4-12, 2017

Mission Statement

The World Dwarf Games 2017 will be the largest sporting event in history held exclusively for athletes with dwarfism. Our goal is to attract athletes with dwarfism from around the world to participate in sports that include basketball, soccer, track and field, volleyball, swimming, table tennis, badminton, floor hockey, boccia, archery, kurling, powerlifting and marksmanship. Athletes of all ages and every level of ability will be encouraged to participate in team and individual sports and explore their own athletic abilities with others of similar stature. Our aim is to provide the participants with meaningful competition at the University of Guelph's state of the art facilities while offering opportunities to forge lifelong friendships. Their families and supporters can enjoy a welcoming and supportive environment while watching excellent sporting events.
